Please be ready to provide your InfoComm member ID number.

InfoComm International recently partnered with Unum to provide discounted Group LTD, STD, LIFE-AD&D and Group Long Term Care with enhanced product features to our member groups. See below for details and contact information.

(PDF)

Long Term Care is an array of services to help people with chronic conditions cope with limitations in their ability to live independently. About 40 percent of people receiving Long Term Care are adults under the age of 64.

(PDF)

Short Term Disability insurance provides financial benefits to employees when they are unable to work for a short period of time due to a disability caused by a covered illness or injury that occurs off the job.

(PDF)

Long Term Disability insurance provides financial benefits to employees when they are unable to work due to a disability caused by a covered illness or injury, regardless of whether or not that illness or injury is work-related.

(PDF)

Life insurance is considered a necessity by most individuals. It's also the most common insurance benefit provided by employers, after medical benefits. Unum offers insurance plans for smaller businesses, as well as optional accidental death and dismemberment coverage.

Other Special Benefits included in the Group offer from Unum:

- (PDF) – Worldwide emergency travel assistance
- (PDF) – An online referencing tool featuring HR compliance and benefits information
- (PDF) – Confidential, experienced guidance to help your employees thrive
