On Wednesday, October 19, is hosting a behind-the-scenes tour of Rio Tinto Stadium - home of the Real Soccer Team - focusing on how AV makes the soccer fan's experience come to life. Listen is also hosting several staff events at their headquarters including a presentation spotlighting the value of AV and InfoComm, audiovisual trivia and "Bring out your Inner Geek Day." For more information on Listen's AV Week plans, contact Kristin Rector at kristin.rector@listentech.com.

Virginia

Fairfax

InfoComm is celebrating AV Week with events throughout the week. Participate all week long with our [AV Week Website Scavenger Hunt](#). At our headquarters, we start off celebrating with our 3rd Annual InfoBake contest and e-recycle drive. We will also be on the road in San Diego celebrating with a [Member Roundtable](#) and end-user [AV Technoogy Today](#) conference. For more information on any of our events, contact avweek@infocomm.org.

2010 Calendar

[Massachusetts](#)

Emerson College

Emerson College is hosting Emerson AV Week Celebration in conjunction with the School of Theatre Design. There will be a Live Mix Workshop focusing on microphone selection and placement in theatres demonstration. The event is free and open to all students. The event will be held in the Cabaret, 80 Boylston Street, Boston, MA. For more information, contact Office of the Campus Center: Chris Bocchiaro, Cabaret Coordinator.

[New Jersey](#)

Crestron

In celebration of AV Week, Crestron has invited local technical high school and college classes to tour their Rockleigh, NJ campus to see, hear and touch, firsthand, the latest technology in a fully functional home theater, teleconferencing room and interactive design lab inside their amazing 9,000 sq ft experience center. In addition, the Crestron Human Resources Department will be on hand to discuss career opportunities and accept resumes. Engineering and technical seniors from high school and college should submit a brief description of the school class size to attend and main contact information to: Tracy Cook at tcCook@Crestron.com or at +1.201.767.3400 ext. 10227.

[New York](#)

Population Council

Population Council will be hosting an AV Expo in their offices showcasing all of the AV services they provide. The expo will be set up in a convention atmosphere with four booths. Visitors will rotate between each of the booths with content focusing on audio, presentations, videoconferencing and video recording/editing.

[Ohio](#)

Columbus State Community College

As part of AV Week, Columbus State Community College will be covering the evolution of video games and the gaming industry. Students will get hands on experience with popular games from all periods, while learning fun facts and trivia about development and video game history.

Cables To Go

As part of AV Week, Cables to Go is hosting two events. For information regarding either event, please contact Denise Scarpelli at: dscarpelli@cablestogo.com or 937-531-7389.

11th annual Connectivity Conference - This conference is free and open to all integrators. The event will take place in Dayton, OH, Oct. 21st and 22nd at the Dayton Marriott.

Structured Wiring for the Classroom - In addition, Cables toGo will be hosting an online webinar. The webinar will take place Monday, Oct. 18th 1:00pm EST. Any Certified Technology Specialists, integrators dealing in AV applications, or individuals interested in learning more about AV should register for this webinar.

 [Oregon](#)

Biamp

As a part of AV Week, Biamp is offering Regional AIA Courses for Architects, October 18-22, 2010. Please visit their [website](#) for more information.

 [Pennsylvania](#)

Westminster College

As a part of AV Week, Westminster College is hosting multiple events throughout the week.

"Titan Terror Project" Showcase - The project, chosen with the proximity to Halloween, emphasizes the use of audiovisual equipment for school purposes, a main asset for the campus. The Titan Terror Project, a mini-movie showcase, invites students and faculty to submit suspenseful, non gruesome, short films made with consumer-level cameras. The prize initiative has drawn many in for the October 20th showcase and competition. Please visit their [website](#) for more information. Wednesday, October 20th, 12:00 p.m.

Document Camera Showcase - The AV department will be extending their services and knowledge to the surrounding school districts through a Document Camera Showcase. Teachers from area schools will be invited to the Westminster campus to view various types of document cameras and receive training on how to use them effectively in the classroom. Contact Andrew Borts at borstar@westminster.edu or at 724-946-7188 for more information.

E-Recycling Drive - Westminster College will be holding a technology recycling drive for the entire campus and surrounding community. Many items such as computers, tapes and microwaves will be disposed in an eco-friendly manner. The promotion of this event heightens the Westminster community's awareness of audiovisual environmentalism and inspires participation. Contact Rachael Hoffman at hoffmarl@westminster.edu or at 724-946-7188 for more information. Friday, October 23rd, 9:00 a.m. - 12:00 p.m.

 [Utah](#)
