

This Year at ISE DVC Will be Present at Kinoton Litefast Booth #11C43

SOURCE: [DVC Digital Video Competence](#) · RELEASED: 1/19/2010

At Integrated Systems Europe from 2-4 February 2010 you can see "live" our following product solutions:

- **Boxxster** - As compact 2K, HD & SD Disk Recorder and Player Boxxster is the ideal solution for high-end uncompressed playback and recording. The latest generation of Boxxster even supports 1080p50/p60.
- **Exterity Streaming Solutions booth #1G96** - as DVC is the German partner of Exterity we can inform you about our complete range. At ISE Exterity will highlight AvediaServer, a full-function video-on-demand server/recorder, new DVB-C TVgateways that stream multiple cable channels via a single network connection, and the companies expanding line of 1080p products for top-quality High Definition HD video and digital signage.
- **HaiVision #4P68** - HaiVision's products offer end-to-end high-definition H.264 IPTV platform for education, corporate, medical, and military video-over-IP distribution systems. HaiVision Network Video sets the standard for applications that require the best H.264 encoder technology and intelligent IP video distribution.

As a competent partner and system integrator for Streaming, HDTV/Digitalvideo and Presentation we can offer solutions for every application range.

About DVC Digital Video Competence

Since 1990 DVC Digitalvideo Computing GmbH and the follow-up company DVC Digital Video Competence GmbH has been developing, producing and selling integrated system solutions for the DigitalVideo-, Presentation- and HDTV market. At the same time DVC is the European respective German master distributor for several well-known manufactures in the HDTV/Digitalvideo, desktop video, broadcasting and streaming media market.

DVC's own products including the Boxxster, ClipRecorder, ClipDisk and the megacine have their focus on markets like film scanning, video post-editing, Digitaldailys, presentation and research & development.

As a distributor DVC represents well-known manufacturers such as AJA, DNF, Drastic Technologies, Euro Electronics, Exterity, HaiVision, MikroM, NCast, Optibase, Qumu, VBrick and VideoFurnace. An international distribution network has been established with the help of representations in Austria, Belgium, Denmark, France, Great Britain, India, Italy, Spain, The Netherlands, Poland and Vietnam.
