

What People Say

"iQ is an unmatched resource that saves us a tremendous amount of time when doing product research or locating a local provider" — Greg Bronson CTS-D, Cornell University

"I think this is a great service! Instead of searching the web for hours looking for new products, you have put them all in one place to pick the products that interest you." — Sharon Whitley, CTS, Senior Project Manager, Virginia Commonwealth University

"This is fantastic! This is a great resource and provides a perfect conduit for keeping up with technology. Keep it coming." — Curt Burton, Communications Operations Specialist II

"I would like to take this opportunity to express many thanks to you for providing me such a wonderful service. Your report has been very helpful for my job." — David Wang, EVEREST Display Inc.
