

# EduBucks

## EduBucks — Always AValuable Resource

EduBucks are like scholarship dollars for InfoComm International® members (Not a member yet? [Join today!](#)). Companies and individuals who join or renew membership with InfoComm automatically receive EduBucks that can be applied to InfoComm Academy training and education programs — in the classroom or online. To redeem EduBucks, simply register for any InfoComm education or training program and indicate that you are an association member and you are paying with EduBucks to dramatically discount the enrollment fee. Please note that EduBucks may not be used to pay for InfoComm certification.

What a deal! InfoComm International® members now can use their EduBucks tuition credits in new ways — besides saving money on InfoComm Academy® courses for yourself, you can gift EduBucks to other members or non-members for their online classes. An online course could be entirely free using coupons redeemed from EduBucks in \$100 denominations.

To purchase coupons, members should contact the association by emailing [membership@infocomm.org](mailto:membership@infocomm.org). Anyone wishing to redeem a coupon should call the association's customer service team at +1.703.273.7200 or 800.659.7469. Coupons can only be used for online courses and expire one year after date of purchase.

The level of a company's InfoComm membership — Silver, Gold or Platinum — determines the amount of EduBucks each member receives. Build goodwill for your company, foster AV education and encourage higher quality work. Use your company's EduBucks today! And remember, all InfoComm Academy courses are further discounted for association member...making your dollars go further and your membership even more valuable.
