

# Meetings & Exhibitions

Key to enhancing business for the AV industry worldwide, InfoComm International's events include tradeshows, conferences, regional meetings, classroom training and webinars.

View the searchable calendar to check upcoming [events](#) or [courses](#) in your location and area of interest.

## InfoComm to Expand its Global Tradeshow Offerings

InfoComm is bringing more audiovisual tradeshows to its worldwide audience. [InfoComm Middle East & Africa \(IFMEA\)](#) will take place from October 9-13, 2011 at the Dubai International Convention & Exhibition Centre. InfoComm has also formed a [joint-venture company](#) with Latin Press, Inc., with the purpose of organizing regional tradeshow events in Latin America.

# Conferences & Meetings

InfoComm produces conferences and meetings with its members in mind.

## Member Roundtables

The [Regional Roundtables](#) are FREE for members to network with other AV professionals and learn more about the industry, while we obtain feedback on ways InfoComm can better serve the industry. [More](#)

## Lunch & Tours

The [Lunch & Tour](#) series showcases our members' unique AV installations to the architect and building communities. [More](#)
